Igor Doring de Paula

Front-end Developer | Web Developer | Angular
São Leopoldo, Rio Grande do Sul, Brasil

Resumo

With a passion for front-end development for more than 4 years, I bring extensive expertise in crafting dynamic and user-friendly web experiences. Proficient in core technologies including HTML, CSS, and JavaScript, I have honed my skills further with frameworks such as Angular, and I am eager to explore emerging technologies like NestJS. My toolkit extends to versatile tools like Bootstrap, Materialize, TailwindCSS, JQuery, PHP, Git, and Wordpress, enabling me to create responsive and visually stunning websites.

Currently seeking opportunities to leverage my skills and enthusiasm as a Frontend Developer, I am committed to driving innovative solutions and contributing to impactful projects.
